Pincher Told Park Highway Not Likely to be Rebuilt This Year; To Rebuild No. 3 From Macleod West

Mr. Fallow's Statement to Pincher Representative Is His First Public Mention of Pass Highway Improvements For This Spring And Summer

A despatch from Pincher Creek to the Lethbridge Herald at the week-end carried the first reference Hon. W. A. Fallow, provincial Minister of Public Works, has made regarding proposed improvements to the Crows Nest Pass highway this spring and summer.

Pincher Creek Board of Trade has been endeavoring to have Mr. Fallow rebuild, re-survey and re-route certain portions of the Pincher-Waterton highway and if at all possible hard-surface the highway. To further its attempts for this improvement it sent a solicitor representative to interview Mr. Fallow at his office in Edmonton. During the five minute interview which the representative was allowed Mr. Fallow made the following statement:

"He intended to start rebuilding the Crows Nest high-

way from Macleod west, as soon as he could get machinery on the job." He further stated that he did not think it would be possible to rebuild the Pincher Creek-Waterton highway this season, but at the same time admitted that it must be rebuilt and that it would be repaired sufficiently this year to carry the traffic. The many wires sent from the Pass last week to Mr. Fallow regarding the disgraceful condition of the Pincher Creek-Crows Nest highway has brought no direct reply from the Minister but it is thought here that Mr. Fallow has indirectly replied to them through his statement to the Pincher Creek representative knowing full well that his interview would be publicized when that representative made his report to the Pincher Board of Trade.

MUST SIGN LETTERS TO THE EDITOR

On Wednesday morning The Journal received a letter to the Editor which failed to record the name of the writer, only a pen name being recorded. Every letter sent to The Editor MUST have the signature of the

writer and then it is permissible to sign a pen name to the published letter if the writer does not wish his own name to appear.

If the writer of the Wednesday letter desires to have it published he or she must make themselves known to the Editor before it appears in print under their chosen non-de-plume.

Council Studies It's 1947 Budget; Heavy School Budget Reacts On Municipal Expende

Endeavoring to Have Telephone Tolls Reduced And Placed On Same Bases As That At Blairmore.

Regular meeting of the town council was held on Tuesday evening, present being Mayor Aboussaff, Councillors, Dutil, Jenkins, Low, Ramsay and Wilson. George Evans was present to protest the constant radio interference experienced in his residential area. The Light & Water Co. will be asked to trace the source of the interference and rectify it.

A reply was received from Blairmore town council regarding Coleman's suggestion that the Crows Nest Pass endeavor to have daylight saving time inaugurated in the Pass. The Blairmore councillors were quite cold to the idea. As a result town solicitor Bannan was authorized to draft a resolution on daylight saving which will be presented at the next annual convention of the provincial municipalities by the council.

Chief of Police, Wm. Antle submitted both his police report and his fire report.

The Lycka case was again brought up. Council has been getting nowhere fast on this case and solicitor Bannan was authorized to go the limit in his endeavor to secure the money owing the town by Lycka.

Councillor Dutil reported on his efforts relating to the proposed new telephone toll system. He had contacted the Pass superintendent who in turn, at Mr. Dutil's request, had written the southern Alberta telephone superintendent at Lethbridge placing before that gentleman Coleman's desire to unify all tolls throughout the Pass instead of one town getting a lower rate than others. No reply has been received from Lethbridge. Mr. Dutil is also endeavoring to try, if possible, to secure special rates for those organizations and business houses who are going to have excessive telephone bills should the proposed toll rate be enforced.

The application for a business license of Mr. Bert Hoppe, photographer, was discussed at great length. The discussion boiled down to charging Mr. Hoppe a \$25 license with the advice that he make application to Edmonton for his provincial license. Once he gets his provincial license and still desires to secure a business license then the town had no alternative but grant him one.

Council granted a new automobile mechanic who has secured employment in town the use of one of the open-air skating rink sheds until he can find housing accommodation in town.

Finance chairman John Ramsay reported that there was insufficient insurance being carried on town

property. As a result of his report the Building committee was authorized to investigate the amount of insurance carried and submit its report at the next meeting.

An order has been placed for 400 sacks of cement.

A detailed study of the 1947 town budget was made. Upon securing the school budget it was immediately evident that if council did not wish to saddle the rate-payers with a high mill rate it would have to reduce the town 1947 estimates. It immediately started to slash its own budget, the major casualty being the sidewalk appropriation made for this year. In order to save its hard-surface the Works & Property committee will relay, repair, widen, etc., all hard-surfaced streets in a determined effort to save them from complete collapse. Some sections have completely deteriorated due to poor drainage in those particular areas and the fact that they have not been maintained for some years.

Other items are to be cut, such as grants and contingency fund.

Board of Trade To Honor Hockey Club At Banquet

Harry Boulton Protests Against Dumping Rubbish Along Highway; Housing Conditions Discussed.

A regular meeting was held on March 18 at 7:30 p.m. Motion by J. Wilkie, seconded by F. Duncanson, minutes be adopted.

Correspondence

Letters were received from the following:

March 12, from the P.O. Department advising that they were looking into the matter of carrying mail on train No. 682.

March 16, from the Office of the District Director of Postal Service acknowledging our correspondence of Feb. 28.

March 10, from the Lethbridge Board of Trade endorsing our actions re carrying mail on train No. 682 and pledging their support.

March 17, from the Alberta Board of Trade and Agriculture enclosing receipt and acknowledging payment of \$15 1947 dues.

Feb. 24, from Coleman Local Union No. 2633 enclosing cheque for \$10 as donation to film library.

Moved by F. Duncanson and K. Ross all correspondence be received and filed.

Highway Committee P. Dickenson gave report on highway committee activities. He (Continued on Page 5)

Teachers Salaries Take A \$17,000 Boost Over 1946; School Grant Estimated At \$8,700

Town Asked For a Requisition of \$26,000 And Department of Municipalities For \$34,680

A special meeting of the Coleman school board was held on Monday evening to study and pass the budget for 1947. Present were chairman Evans and trustees Bomben and Wilkie.

The budget as submitted totaled \$70,946.00 which was an increase of roughly \$20,000 budgeted for in 1946 and an increase of \$15,000 of the amount actually spent in 1946. The 1946 budget had called for an expenditure of \$50,362.37. The actual expenditure in 1946 totaled \$52,961.14.

Study of the budget showed a boost in teachers' salaries amounting to \$17,000 over 1946. This is a result of the recent boost given the salary schedule and the fact

that the salaries are retroactive to October 7, 1946. Reply to buildings shows an approved \$22,000 boost while another \$1,000 is shown in the Substitute teachers and instructional supplies items.

The Town of Coleman assessment is recorded at \$711,645.00 while the Improvement District assessment totals \$973,976.00.

Grants, educational tax and sundry amount to 9,300 which is deducted from the \$71,000 budget. The balance is split two ways the town being requisitioned for \$26,000 while the Department of Municipal Affairs will be requisitioned for the sum of \$34,680.

Following is the budget with last year's estimates also listed.

BUDGET ESTIMATES FOR 1947

Payments	Estimates	Actual cost 1946
Secretary-Treasurer	\$ 951.00	\$ 951.00
Auditor	100.00	100.00
Premium on Treas Bond	10.00	10.00
Sundries	550.00	162.98
Teachers Salaries	50,000.00	33,052.86
Substitute teachers	100.00	
Instructional supplies	3,000.00	2,220.33
Caretakers supplies and salaries	7,900.00	7,775.92
Fuel Light Water	2,000.00	1,668.02
Repairs, Replacements		
Buildings grounds	4,000.00	2,246.31
Insurance	300.00	275.23
Other operation and maintenance expenses	800.00	775.80
Transportation of pupils	1,000.00	960.00
Board's contribution to Retirement fund (teachers)	225.00	159.92
	\$70,946.00	\$50,362.37

Revenue	
Educational Tax	300.00
Grants approx.	\$8,700.00
Sundries	300.00
	\$9,300.00

Requisitions	
Town assessment	\$711,645.00
Improvement Mun.	973,976.00
Less other revenue	\$9,300.00

David Wardlaw Passed Away On Tuesday Morning

Had Been Sick During Past Month; Was Employed as Night Porter at Grand Union Hotel.

The death occurred at the local hospital at 8:23 a.m. Tuesday of David Wardlaw, 47. Deceased had been admitted to hospital Feb. 16 in a serious condition and his condition gradually worsened until his death Tuesday morning.

He arrived in Coleman five years ago, this being his second time to reside in town. For three years he was an employee of International Coal & Coke Co. and two years ago he entered the employ of the Grand Union Hotel as night porter, a position he held up until death. Born at Saline, Fifeshire, Scotland, he came to Canada in 1928, settling at Stavelay where he engaged in farming. He came to Coleman where remained until his death.

Surviving are a brother Donald, of Claresholm, and five sisters and a brother in Scotland.

Funeral services will be held in St. Paul's United church on Saturday at 2 p.m. with interment taking place in Coleman union cemetery.

Letters To The Editor

To the Editor:
Dear Sir:

During the hockey season just past the people of Coleman have witnessed some mighty fine games. In the "Coleman Grands" we have a team that has brought a great deal of credit to themselves and to the town of Coleman. The mixture of veterans and youngsters has produced a team that has suffered very few defeats during the season, despite the fact that many of the opposing clubs were bol-

WORLD HAPPENINGS BRIEFLY TOLD

Underground coal miners in Britain will be exempt from military service for the next five years.

The export-import bank in Washington announced that it will lend no more money to other countries for "emergency reconstruction".

Despite unusually bad weather, 8,824 permanent houses were completed in Britain in January, a government statement said.

Co-operatives in Manitoba will be subject to a five per cent. corporation income tax the same as any other corporation, Premier Garson said in the legislature.

Canada will spend an estimated \$400,000 on tourist advertising this year, the House of Commons was told in a return tabled for J. W. Murphy (Lambton West).

Platinum treasure belonging to Adolf Hitler worth thousands of dollars has been discovered by Allied officials in a German bank. The platinum was said to have been a gift of a wealthy South African.

The Soviet army paper Red Star reported that a leading Soviet parachutist, Col. Romanyuk, had made a successful jump from the stratosphere, generally taken to begin at a height of six to eight miles.

A motion urging call clubs of each province to exhibit at the Toronto Royal Fair this year was made at the final session of the Canadian Council of Boys' and Girls' club work two-day convention in Winnipeg.

Loses Cigarette Case Worth \$1,100

HOLLYWOOD.—Film Actress Dorothy Lamour's \$1,100 cigarette case, a trinket featuring 50 rubies and 30 diamonds, was lost recently at a cafe party given by Producer Walter Wanger, she reported to the sheriff's office.

Pierre Renoir, famous French painter, first painted on porcelain.

MOST MOTHERS DO THIS If Baby Has A Cold

AT BEDTIME rub throat, chest, back with VapoRub. Be often by morning, let him sleep. The cold is eased.

Best-known home remedy you can use to relieve distress of children's colds is comforting Vicks VapoRub. Even while you rub it in, VapoRub starts to work to ease distress...and it keeps on working during the night. No wonder most mothers do this when a child has a cold strike. **VICKS VAPORUB**

R.C.A.F. RECEIVE FIRST HELICOPTER

Air Force Headquarters has announced that the first of three Sikorsky helicopters ordered by the R.C.A.F. arrived at Rockliffe recently. The second will be delivered later and the third in August.

The aircraft, similar to that which rescued survivors of the Belgian airliner crash in Newfoundland, will be flown by an R.C.A.F. pilot from the Sikorsky plant at Bridgeport, N.Y., touching down briefly at Dorval en route. Air Force pilots have been under instruction for the past month at Farmingdale, N.Y., and these will form the nucleus of a corps of instructors to convert other pilots to the wingless aircraft.

The first helicopter will go to the Central Flying School at Trenton for the instruction period. The second will remain at Rockliffe for a month to familiarize pilots of the Experimental and Proving Unit with its operation. Later the helicopters will be used for training and rescue operations, and in co-operation with the Canadian Army, the Navy, the Mounted Police and other Government departments.

White Man's Life Changes Indians

Stature of Indians living in the Norway House area is shrinking in size because of the dietary habits they have picked up from the white men, Dr. Frank Tisdale of Toronto, told the joint senate and house of commons committee on Indian affairs.

Records of the Hudson Bay store at Norway House show the Indians are today buying smaller shirts and suits than their fathers and grandfathers, the Toronto doctor testified. He is a member of a party of medical men and other experts who visited Norway House to gather data on the present state of the Indian.

Today the Indian lives largely on food he can buy at the store with money from the sale of the few pelts he gets. Eighty-five per cent. of the food bought was white flour, sugar and lard, all foods lacking in vitamins. Forty years ago the Indian depended upon eating animals he hunted.

"The Indian used to eat the vitamin-rich inside parts of the animals and birds and fish. Now he throws it away, aping the white man's custom," said Dr. Tisdale.

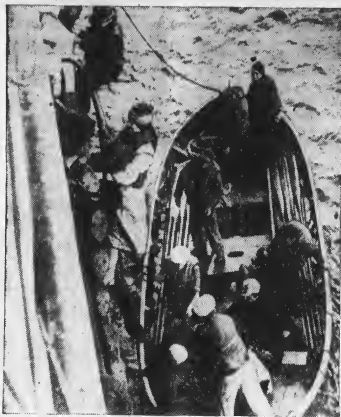

How Chinese Eat Their Porridge

Breakfasting in London's Soho, a Scot decided to see how well he might fare at a Chinese restaurant. He found himself in an atmosphere of dragons and incense. Then a cat-footed waiter brought a nice plate of porridge. It was real porridge and could not have been served more pleasantly in Glasgow except that chopsticks came with it. After a minute's struggle the visitor gave in and demanded a spoon.

London Chinese have taken to porridge since the rice shortage, and they often take milk and sugar, too. They can also clear their plates with chopsticks. Spoons are kept for helpless foreigners' Glasgow Herald.

A GOOD IDEA

If your youngsters are pu-pu enthusiasts, furnish them with good-sized bulletin-type boards made of soft wood where they can thumb-tack their cutouts. It will save disrupting marks on wallpaper or painted walls. 2716

Survey Shows Modern Miss Shuns Cooking

NEWARK, N.J.—The modern miss prefers to determine "what's cooking?" rather than how to cook it, a survey of freshmen at Rutgers University New Jersey College for women showed.

Top preference was given to the study of journalism by 21 per cent. of the 378 first-year students. Home economics was picked by nine per cent.

NO MORE SMALL FLEET

Women have, on the average, larger feet than their mothers and grandmothers. Size two and a half, which was fairly common 40 years ago, is not stocked now, the average size today being five.

MANY DESCENDANTS

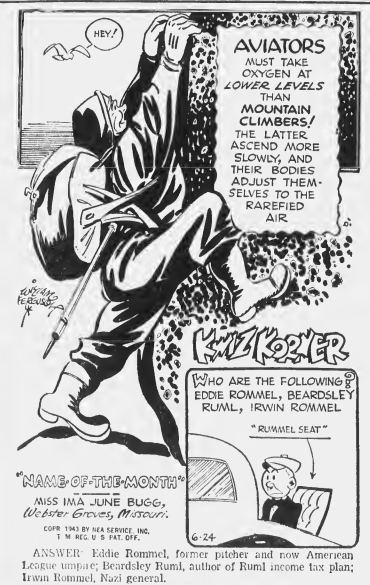

The rose has contributed largely to the world's rich variety of flowers. Many of our most popular flowers of today have descended from the rose family and founded families of their own.

When your BACK ACHES...

Backache is often caused by lax kidney action. When kidneys get out of order excess acids and poisons remain in the system. Then backache, headache, rheumatic pain, disturbed rest or that "tired out" feeling may soon follow. To help keep your kidneys working properly—use Dodd's Kidney Pills. Time-tested, popular, safe, non-habit-forming. Dodd's Kidney Pills, in the blue box with the red band. Sold everywhere. 135

THIS CURIOUS WORLD

By WILLIAM FERGUSON

OUR COMPLETE SHORT STORY—

"TO A MAN'S HEART"

By LILA LENNON

ELEN CRAIG'S mood was indigo. There was, however, no hint of it in her voice as she brought her broadcast to a timely finish. Today, though, it was just a little different to tell thousands of women that the best way to a man's heart was still, and always would be, through his stomach.

To this end, she charmingly extolled the newest yummy desserts and gave out those clever, but practical recipes for delectable foods.

The reason for Ellen's mood involved tall red-headed Tim Blair and a cherished dream of long standing. It was funny how the same old dream kept popping up. Same dream, same scene. And always Tim whispering tenderly.

"Ellen, I adore you. Will you marry me?" And today, just before broadcast time, that dream had exploded like a gaily colored soap bubble. All because Tim had asked her to marry him... but how!

The scene haunted her, as well as the disturbing thought that perhaps Tim was mainly interested in food... after all, Ellen recalled Tim's proposal, and her clear brown eyes sparkled angrily.

Johnny O'Neil, Tim and Ellen had been standing in the hall. Johnny had laid his hand on Tim's shoulder. "Now here's a gal you should marry, Tim." He glanced at Ellen mischievously, and continued gaily. "She's beautiful... she's clever... and how she can cook! All those wonderful things she talks about every day... just think, Tim, all this... and good food too!"

And Tim had turned to Ellen. His eyes were very intent, but his tone was light. "A good idea. This bachelor existence is hard on the digestion. How about it, Ellen, will you marry me?"

Ellen swallowed hard. "Of course I'll marry you, Tim." She added sweetly, "but, you'll probably get arsenic for breakfast!"

Johnny thought it was wonderful. He shouted with laughter. When he had gone, his laughter still echoed tauntingly in Ellen's ears. It had all been so casual... her beautiful moment, shattered before repair.

She turned to Tim. It was all broadcast time, and she had a horror of letting him see the tears she could feel stinging her eyelids.

"Good joke, wasn't it?" she asked lightly. Tim took her arm. "It wasn't a joke," he said gravely. "I meant it, Ellen. Will you marry me?" Ellen looked up. What she saw in his eyes made her heart do a double flip-flop. Stubbornly, she kept her tone light.

"Really, Tim, I think you should sample my cooking before you decide. Won't you come up tonight, for a snack?"

Tim looked startled, but Ellen rushed on.

"There's the red light... I have to dash... see you at seven."

It was almost seven, and Ellen grimly surveyed the contents on the stove. This was going to be a snack to end all snacks! She stirred the sautépan viciously. Suddenly the sharp peal of the doorbell disturbed her gloomy contemplation.

Ellen cast a last glance in the full length mirror. She was, if nothing else, a portrait of a blushing bride-to-be.

Tim tugged her, thoroughly, and whispering a little, Ellen led him to the table quickly.

"Sit down, darling, things are all ready to go on the table."

He protested, "I didn't want you to go to a lot of work!"

"No trouble at all," Ellen assured him blithely, and set two plates at the table.

Tim stared in astonishment. The ham was sliced in thick chunky pieces that fairly screamed "canned."

A well known variety of beans wandered lamely across the surface of the plate, and a few stalks of asparagus completed the picture.

Ellen set a plate of leaden looking biscuits before him.

"It isn't much of a snack, darling," she apologized sweetly. "But, I was delayed, and this was all I could manage."

Tim swallowed manfully. His voice had a tiny sound, even to his own ears. "This is fine."

"Have a biscuit, Tim?" Ellen asked.

"Dating," she fibbed bravely. "I'm not really much of a cook... those wonderful recipes I talked about everyday... I... well, I just talked about them."

Suddenly, her eyes filled with tears and her voice wobbled uncertainly.

Tim stood up. "Come here!" he commanded.

Ellen went meekly, straight into his arms.

"Don't cry, baby," Tim said soothingly. "We'll... we'll learn together."

Ellen sobbed convincingly. "But... I can't darn socks, either..."

"Who cares about socks?" Tim demanded. "When the holes get too big, throw 'em out!"

Ellen looked up searchingly. Tim's eyes were very blue, and tender. He tightened his arms, and said softly.

"Dating, it's you I adore, and you I want. Don't you know that?"

"Yes," Ellen whispered happily. "Yes, I know... now!" and she hoped she would never have to mess up another meal, even to find the way to a man's heart.

HOW YOU CAN GET QUICK RELIEF FROM SORE, PAINFUL PILES

Point by a Professional Artist

Think of it! An internal treatment that gives quick relief from the itching, irritation and burning, painful sores of piles. Piles are caused by internal conditions. No lasting freedom from pile misery can be had until you relieve the cause. And the cause is internal. No the best way to free your sore, painful piles is with an internal treatment like Hemorrhoid.

Hemorrhoid is a formula that has been used for over 40 years by thousands of patients. It is a small, highly concentrated tablet which directs its medicinal action to the relief of the congestion that is the real cause of all piles. Hemorrhoid works up your liver and gall bladder, promotes free, easy and comfortable bowel movements, relieves itching and burning and stimulates better circulation of blood in the lower bowel. Hemorrhoid sticks right at it.

BACKACHE

The Plague of Outdoor Men

The outdoor man, whether he be farmer, truck driver, or railway operator, is often subject to backache. This may be the result of exposure to cold and dampness or the result of strain from the jolting and bumping of the vehicle he rides.

To many people, women as well as men, it would be great to be free of backache—one of the most common and annoying of ailments. And here is how you may be relieved of backache and other symptoms of poisons in the blood.

Dr. Chase's Kidney Pills—Liver Pills

The treatment suggested in Dr. Chase's Kidney Liver Pills. By reason of their stimulating action on both the liver and kidneys, you have two chances to one of getting relief from your backache by using Dr. Chase's Pills. The torpid liver is aroused to action, the kidneys are stimulated and consequently these organs help to purify the blood of the poisonous impurities which bring pains and aches and ills feelings.

Keep regular and keep well by using Dr. Chase's Kidney Liver Pills. 35c a box.

MAY AID GANG PROBE—More than 30,000 people lined Vancouver streets in silent tribute as the funeral cortege passed bearing the bodies of Police officers G. O. Ledingham, 40, and Charles Boyes, 39, shot down in cold blood by a trio of young gunmen. Madeline Medos, seen here, wife of Harry Medos, one of the men charged with the murder of the policemen, offered to give information about gang activities if accorded protection.

GARDEN NOTES

A Rake, A Hoe And A Spade

In most cases all that one must have to start gardening is a rake, a hoe and a spade. These are minimum requirements. With a little more equipment, however, much labor can be saved. Digging fork, cultivator, special weeder, ditch hoe, etc., will make the work easier and more interesting. For larger gardens a small garden tractor that will cultivate, plow, cut the lawn, and in winter even plow out snow, might be considered. A sharp hoe or cultivator will also speed the work. It is a good plan to wipe off all dirt from tools between operations, and a little oil or grease smeared on the shiny surfaces is recommended.

On Making A Lawn

Lawn grass makes its best growth early in the spring—hence garden experts advise doing lawn work just as soon as possible. This means as soon as one can walk over the soil without getting the shoes muddy. This advice applies both in starting new lawns or repairing old ones.

Seldom is it advisable to sow a straight variety of grass seed. Seed houses put up special mixtures for this purpose, a blend of several kinds of seed. In these mixtures are some very expensive seeds and some less expensive, blended together by those experts who know what is best for Canadian conditions. In the mixtures are some tough grasses that will help the lawn to withstand traffic, some quick-growing kinds so that one does not have to wait for the green carpet desired, and some grasses that will stay green almost in the driest weather.

Grass will thrive best in good soil and it is never advisable to sow without preparation. This means at least a month's cultivation before seed is sown, working up the top as far as possible, and if necessary also working in a layer of rich, fine loam. It is highly important that all holes are filled in evenly. Sow on a windless day and broadcast once across and once lengthwise. Follow directions carefully as to amount of seed to use. Grass on good soil or fed once or twice each season with a good commercial fertilizer will outgrow most weeds.

SELECTED RECIPES

GRAPE-NUTS PRUNE BREAD

1 1/2 cups milk, scalded
1/2 cup Grape-Nuts
2 cups sifted flour
1 tablespoon baking powder
2 teaspoons salt
1/2 cup sugar
1 egg, well beaten
3 tablespoons melted shortening
1/2 cup finely cut soaked prunes
Four hot milk over Grape-Nuts. Pour into cool while preparing other ingredients.
Sift flour, once, measure, add baking powder, salt, and sugar, and stir again.

Add egg, shortening, and fruit to cool Grape-Nuts mixture and mix well. Then add flour mixture, stirring only enough to dampen flour.

Turn into greased 9x5x3-inch loaf pan and let stand 20 minutes before baking.

Bake in moderate oven (350 deg. F.) 1 hour, or until done. Cool, then wrap in damp cloth or waxed paper and store several hours or overnight before slicing.

Please note: If you prefer, add 1 cup chopped raisins or currants instead of prunes. Or make plain by omitting fruit.

GINGER PEPS

1 cup molasses or dark corn syrup
3 cup shortening
2 1/2 cups sifted flour
2 cups whole wheat flakes
1 teaspoon salt
2 teaspoons baking soda
1/2 teaspoon allspice
1 1/2 teaspoons ginger

Heat molasses or corn syrup to boiling and add shortening. Remove from heat; cool well. Sift flour, salt, soda and spices together; stir into molasses mixture. Add whole wheat flakes. Blend well. Knead and shape into rolls about 1 1/2 inches in diameter; wrap in waxed paper, covering ends so that dough will not dry out. Store in refrigerator until firm. Cut in thin slices and bake on ungreased cookie sheet in moderate oven (350 deg. F.) 8 to 10 minutes. Yield: 2 dozen wafers (2 inches in diameter).

SAYS MODERNIZATION OF FARM IN THE WEST NECESSARY

WINNIPEG. — Modernization of farms and farm equipment is the only way to encourage young men to remain farmers in Western Canada, declared Grant McEwan, Dean of Agriculture of the University of Manitoba, to more than 150 dealers at the Cocksfoot Plow company's annual convention in the Royal Alexandra hotel.

Canada is a highly mechanized agricultural country, he said, headed only by Great Britain in the field. But, he added, modernization of the farm home was a necessary factor. If Canada was to hold her position, as an example of the outmoded life on local farms, he stated that only 7 per cent of Canadian farmers possessed bath tubs.

Earlier in the day dealers viewed a model of the first Canadian built tractor, which began company's annual convention in the Royal Alexandra hotel.

This Boy Knew The Culprit

FITCHBURG, Mass. — When firemen answered an alarm on Kilroy St. they found a three-year-old boy waiting by the alarm box.

"Did you see somebody turn in an alarm?" asked Capt. Alexander Dean.

"Yes," replied the boy. "He piled snow up in front of the box and climbed up to pull the handle."

"Do you know who he was?" queried the fireman.

"Yep," the youngster said. "He was me."

Fashions

By ANNE ADAMS

For Men And Boys!

No shortage of men's clothing in your house if you follow Pattern 4862 in its easy method of making Box-type or French-type trousers.

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 4862: Men's 32, 34, 36, 38, 40, 42. Boys', 8, 10, 12, 14. Men's waist size, 34, boxer, 1 1/2 yards 35-40; French-bark, 1 1/2 yards.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send order to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

Canada's Cattle, Sheep, Horses On The Decline

Canada's major farm population—cattle, sheep and horses—is on the decline.

The Bureau of Statistics estimated that on Dec. 1, 1946, there were 9,748,000 cattle on farms, compared with 9,960,000 on the same date in 1945. There was a decrease in all provinces except Quebec where cattle rose from 1,799,500 to 1,847,600.

Sheep totalled 2,186,000, considerably below the 2,822,000 recorded Dec. 1, 1945. Biggest declines were shown in the Maritimes and western provinces.

Horses dropped 7.5 per cent—from 2,663,100 to 2,463,300. Greatest decreases were in the Prairies. 2716

"SALT" TEA

presenting TOPICS OF VITAL INTEREST

YOUR BREAKFAST MUST BE NOURISHING

What did you have for breakfast this morning? Orange juice and coffee? Maybe just toast and coffee? Perhaps nothing at all? That's a bad habit.

The longest gap between meals is the interval between dinner and breakfast the following morning. A meal usually leaves the stomach in three to 4 1/2 hours after eating, although fatty foods may stay longer.

Therefore, the chief source of nutrients which the body has to draw from following this period are the refined and much-digested food materials found circulating in the blood stream. These include minerals, vitamins, and perhaps some tissue-repairing materials. Also there will be small amounts of glucose.

It is important to keep in mind that the human body is a kind of factory which runs on a 24-hour daily schedule, asleep or awake. The body is constantly wearing out and requires proper food to repair the worn-out parts.

Therefore, anyone wanting to carry on their morning activities with high efficiency and without calling needlessly on body reserves such as sugar in the liver, will be wise and eat a proper breakfast.

The Health League of Canada advises that you follow Canada's Food Rules in the matter of selecting your daily diet. If you do so, you will eat a breakfast containing fruit on fruit juice or tomato juice, including the pulp of any citrus fruits; whole-grain cooked cereal; bacon or eggs, or both; whole grain bread or toast, milk and butter.

If you don't eat the pulp of your citrus fruit you lose some Vitamin C. These are the basic essential foods which furnish the nutrients the body must have to keep all parts in repair and provide enough energy to carry on all body processes. However, occasional changes in menu might be desirable. If so, sausages may be substituted for bacon and eggs; whole wheat muffins may take the place of whole wheat bread, or try waffles or pancakes.

Mothers should remember that it is vital that children establish the habit of eating cooked whole grain cereal with milk at least once a day.

Remember — Eat a nourishing breakfast!

COVERED LARGE AREA

Lake Agassiz, larger than all of the Great Lakes put together, once covered what is now the flat and fertile wheat-growing region of Manitoba, North Dakota, and Minnesota.

Delicious CRUMB COFFEE CAKE

Recipe

Add 1 envelope Royal Fast Rising Dry Yeast and 1 teaspoon sugar to 1/2 cup lukewarm water, stir and let stand 10 minutes. Scald 1/2 cup milk, add 3 tablespoons shortening, 1/2 cup sugar and 1/2 teaspoon salt, cool to lukewarm. Add 1 cup sifted flour to make a batter.

Add yeast mixture and 1 beaten egg. Beat well. Add 2 1/2 cups sifted flour, or enough to make a soft dough. Knead lightly; place in greased bowl. Cover, set in warm place, free from draft. Let rise until doubled in bulk, about 2 hours. Roll out dough to 1/2" thickness and place in greased shallow pan.

Let rise in warm place, free from draft, until light, about 1 1/2 hours. Prick top with fork and brush with 3 tablespoons melted shortening. Cream 3 tablespoons butter or shortening, add 3 tablespoons sugar.

gradually, mixing well. Add 1 cup sifted flour, 1/2 cup dry fine cake or bread crumbs, and 1/2 teaspoon cinnamon; stir until well mixed and crumbly. Sprinkle on top of cake. Let rise again in warm place about 1 hour. Bake in moderate oven at 400° F. about 20 minutes.

Gets Heat Direct From Electricity

Engineers and scientists have long wondered why we do not convert heat directly into electricity without such intermediate means as machinery, as boilers, engines, and dynamos. It has always been theoretically possible and at last it is being done by means of thermocouples. As there are no moving parts in a thermocouple is, of course, noiseless. The best one to date seems to be two alloys recently developed. Gasoline is used as the fuel and the little portable generator delivers 20 watts at 12 volts. It weighs 45 pounds. — Rotarian Magazine.

Pilot Grounded By Bride-To-Be

FERGUSON. — Joe Howard, Ferguson pilot, home after spending 10 days in a wrecked aircraft near the Quebec-Labrador border, is grounded—not by the Transport Department but by Beta Livingston, his bride-to-be.

"We are getting married as soon as possible," said Miss Livingston. "There'll be no more of this sort of thing!"

To Feel Right — Eat Right!

TAKEN WITH BREAD "MATHEU'S" SYRUP

Relieves Quickly

Take a good bite of bread soaked in Mathieu's Syrup. Before swallowing keep it in your mouth two full minutes, without chewing. This allows the volatile ingredients to permeate the nose and bronchial tubes.

Grown up people may take Mathieu's 4 full minutes before swallowing it. Take 3 or 4 times a day, and at night on retiring.

Andy Dow To Be Asked To Head Civic Centre's Permanent Committee; Permanent Committee Appointed

Mr. Dow has accepted the position of chairman on the Civic Centre Project.

Public meeting was held in the council chamber on Wednesday evening for the purpose of electing to office a permanent committee of the Coleman Civic Centre Project. Mr. Horace Allen, chairman of the temporary committee, presided. The chairman gave a brief report on all that had occurred up to the present time. He stated that money was available to promote the project and that money needed to be spent if the project was to proceed further. The temporary committee had no authority to spend money hence the necessity of electing to office a permanent committee which would have that power.

The election of officers then took place.

The choice of a president was of utmost importance and resulted in considerable debate.

Hon. W.A. Fallow Acknowledges Wire; To Rebuild Highway From Macleod West

Mr. I. L. Morgan, president of Southern Trans Canada Highway Association, received a letter from the Hon. W. A. Fallow, provincial minister of Public Works, on Wednesday morning in reply to the wire sent the Minister last week regarding the conditions of number 3 highway.

The letter reads:

It was moved that Andrew Dow be approached and asked if he would accept the position of president. Should Mr. Dow decline it was agreed that the committee would have the responsibility of finding and appointing a capable chairman.

Other officers appointed included: vice-presidents Rev. Father Leo. Sullivan, Wm. White, Mayor Frank Abousafy; secretary: Fred Guerard; treasurer: Bert Bond. Hon. Presidents were to be appointed by the committee.

The executive committee shall include two representatives from each local organization. There will be four seats on the executive which shall be filled at the discretion of the committee.

Following conclusion of the business meeting the elected committee immediately went into conference to plan action for the immediate future.

"In reply to your telegram of the 12th instant, I wish to advise that the Crowns Nest Highway from Macleod west must be completely rebuilt before any hard-surfacing operations can be carried out. We intend to commence the rebuilding of this highway this summer at Macleod. Yours truly, W. A. Fallow, Minister."

Everyman Theatre T. Make Appearance Friday, March 21

Director, Sidney Risk

The Coleman Lions club and Coleman Playgoers' club are jointly sponsoring the Everyman Theatre production, "The Last Cave Man," and "A Marriage Proposal," to be held in the Coleman Community hall on Friday, March 21.

The plays will be under the able direction of Mr. Sidney Risk, who is well known to Coleman audiences, having twice been adjudicator for the Lions annual Drama Festival.

Since leaving the Department of Extension, University of Alberta, Mr. Risk has turned his attention to professional theatre production. The Everyman Theatre is a group of young Canadians producing the best in drama for Canadian audiences.

This production promises to be one of great interest to Coleman theatregoers, presenting as it does the rare opportunity of seeing a professional group under the direction of Mr. Risk, whose ability has been admired so much in previous years.

All seats will be reserved, tickets being on sale at the Coleman Pharmacy or by members of either club.

... V ...
**ELKS TO TREAT LIONS
WITH A SUPPER**

That tragic look, so apparent in the eyes of Coleman Elks this week, is the result of the whipping administered to them by the King of Beasts, the Lions, on Saturday night, in the curling arena in the annual curling duel between four rinks of Elks and four rinks of Lions.

Jack Chalmers' rink shook its

mighty mane and delivered a killing blow to the chances of the Elks by administering a cruel defeat to the Archie McCulloch rink. Joe D'Appolonia, for Lions, toyed around with the Malenduk rink first getting a point ahead and then slipping a point behind to encourage the Elks along. However, on the last two ends he got down to business and gilded up a 4 point lead to give his side.

The Ivor Morgan for Lions, had a nice sociable game with the Krzywy rink. Ivor let the Elks get a 10-1 lead on him in order that they could derive as much happiness as possible out of the game. He then gave his rink instructions to "sit 'em". At the twelfth end the final score read 12-12.

Only Jenkins, "the lucky stiff," managed to win for Elks. Jenkins just required to close his eyes, throw his rocks in the general direction of the house and presto what with one billiard after another he always managed to get those lucky shots. Jim Park was quite disgusted as he endeavored to keep his Lions club in the game.

However despite the Jenkins-Wilson combination the Lions secured enough points to make Elks dig down for the supers which are to be supplied FREE to the Lions at an early date.

Leo Shannon Sells Sentinel Motors Holdings

Will Move With Family To West Coast; Russell H. Mier, of Calgary, New Owner.

Effective March 1, Mr. Russell H. Mier, of Calgary, has taken over Sentinel Motors ownership from Leo Shannon. Papers were signed to this effect during the week.

Leo, Mrs. Shannon and family came to Coleman from Calgary in December, 1944, having purchased Sentinel Motors from Mr. John Salvador. They also purchased Mr. Salvador's home on Second street. Since that time Mr. Shannon has taken an interest in community activity, particularly in the realm of sport. Their sudden departure from town has been caused by the high altitude which has reacted on Mrs. Shannon's health. They will leave Coleman at the end of the month for a visit to Calgary and then depart for the west coast where Leo plans on entering into business.

The new owner, Mr. Mier is married and plans on bringing Mrs. Mier to Coleman at the end of the month, having purchased

the Shannon home. He formerly was located in Wetaskiwin where he was engaged in the automobile and farm machinery business. During the past six years he has managed the United Cabs, a taxi business, in Calgary.

Mr. Mier is already in Coleman and taking an active interest in his new business and extends a cordial invitation to car owners to drop around at the garage and say "hello."

Letter To Editor

(Continued from Page 1)
stered by the addition of outside players.

Our Coleman team was composed entirely of Coleman boys and in this we were justly proud. However, I am sorry to have had to use the word "was" and not "is". It is with much regret that I heard that some of the players were not asked to complete the season with the team and that one or two players who had not played with the club during the season replaced them on the trip to Vernon. In my mind it is great to have a championship club but it is even greater to have that championship earned by all the boys who made it possible.

It may be that the players who did not accompany the team to Vernon were unable to do so because of injuries, work or other reasons satisfactory to the management. If that be so then the substitution of outsiders would have been justified. I hope that such was the case and that they were not included just to "strengthen the team". If the latter is the case then in my opinion the team will not be strengthened but weakened.

May I express through your paper my appreciation to the Players, Management, Executive and all those who helped to make the "Coleman Grands" a truly fine hockey team.

HOCKEY FAN.

"MUM"

Beth Lockerbie was prominent in Winnipeg's Theatre and radio activities before going to Toronto last summer to create the role of "Mum" in the humorous family drama, Alan and Me. In addition to playing in this program, broadcast on Fridays at 8 p.m. over the CBC Trans-Canada network, Miss Lockerbie is heard frequently in other CBC drama series, and is director of the juvenile drama department at the Academy of Radio Arts.

Proposed Increase

(Continued from Page 1)

try will have a greater effect on the lives of the people and communities that rely on the coal industry for their welfare.

It is to be hoped that the representatives of the Alberta mine operators and workmen will be successful in their efforts to have the government reconsider this piece of legislation.

District 18, UMWA is also supporting the operators' claim that additional royalties will have an adverse effect on Alberta's coal industry and have submitted a brief to that effect.

Among the operators in Edmonton from this area to oppose the increase are: J. M. Davidson, general manager of Lethbridge Collieries; J. J. Hamilton and C. Chester, who operate their own mines north of Lethbridge; J. J. McIntyre, of Coleman; F. J. Harquail, of Hillecrest, and W. Bird, of Blairmore, representatives of the largest mining operations in the Crows Nest Pass.

Board of Trade

(Continued from Page 1)

stated his committee had toured through the Pass towns and received the support of a number of persons who all sent wires to the Honorable Mr. Fallow urging that the Crows Nest Pass highway receive consideration this year.

Mr. H. Boulton advised the meeting of people dumping refuse along the highway and thus marred the scenic beauty of the road. He also mentioned that people had been in the habit of securing soil for their gardens along the highway. He stated that he was in a position to direct anyone desiring soil to the proper places for it. It was decided to turn the matter over to the publicity committee and have them mention these facts in the local paper.

Mr. Wilkie reported nothing definite on our rodeo program for this year as it was still too early for any definite plans.

Post Office committee advised meeting of writing to Postmaster General asking that mail be carried on train No. 682. Mr. Duncan advised waiting a month or so to see what results were obtained before pushing the matter any further.

Discussion arose regarding our hockey club. Meeting was of the opinion that the boys had done well this year and should be shown some appreciation. Motion by P. Dickieson and K. Ross that a committee be nominated to enquire whether the Town or Sports Association planned any such procedure such as a banquet. If not then this committee was to go ahead with plans for a banquet sponsored by the Board of Trade. Committee: P. Dickieson, H. Boulton, J. D'Appolonia.

Chairman brought up the matter of poor attendance at meetings. Both chairman and secretary asked meeting for opinions regarding the poor attendance.

Mr. D'Appolonia was of the opinion that if we had a definite meeting night set for every month it would improve matters. He stated the majority of the membership shunned Tuesday night as it was a meatless day. He also stated that our activities should receive more publicity in the local press.

Motion by D'Appolonia and Wilkie we nominate a membership committee which has not served on any previous committee. Nominations next Executive meeting.

Businessmen's committee brought up for discussion but due to poor

attendance was left to Executive meeting.

Mr. Dickieson brought up the housing situation in Coleman. He stated his company definitely would like to see more homes in Coleman whereby families could move in which would benefit all. Mr. Ross brought up the question as to impure water and asked

if anything could be done to remedy conditions. Mr. Dickieson replied that 2 chlorinating plants were required but "at present, due to unsettled conditions between the Coleman Light and Water, and the Town of Coleman they could not be installed. He felt sure they would be installed as soon as matters were settled.

PRESSURE COOK

An event of unusual interest to our local housewives will take place at the Coleman Hardware on Monday next when Mrs. Faith Watson will demonstrate the use of the Ecko Pressure Cooker.

These demonstrations will be held during the period from 10.00 to 12.00 in the morning and 2.00 until 5.00 p.m.

Mrs. Watson is a renowned authority on culinary matters and has recently concluded an extensive study of the use of the Pres-

sure Cooker. She will be very pleased to answer all questions in regard to the use of this modern utensil and we feel sure that her practical demonstration will be of value to all our readers who are interested in this better method of preparing food.

What Does A Bank Mean To You?

A Friendly Neighbour

Stop and think how close a neighbour a bank really is
And how friendly and useful a neighbour. You can use it
to cash a cheque, make a deposit, pay a bill, obtain a loan, and perform other
banking jobs. A bank is as essential to the welfare and progress
of your community as the local drug and grocery stores, church, school, police and fire
stations. Over 500 branches of The Canadian Bank of Commerce
serve you in cities, towns, villages and hamlets right
across Canada. You can consult our local Managers any time.

Grands Defeat Trail Intermediates Two Straight To Win Alberta-B.C. Intermediate Title

Now Remaining at Vernon to Play Winner of the Manitoba-Saskatchewan Series For Western Canada Final; First Game Tonight.

It had been hoped that the Coleman-Trail Intermediate series for the championship of Alberta and British Columbia, would have evinced sufficient interest for the Canadian Press and the daily papers serving this area to have had a story on each game. However such has not been the case and as a result all that is known is that Grands defeated Trail two straight in a best of two-out-of-three game series and are now Intermediate champions of British Columbia as well as being the runners-up in Alberta.

According to report Ronald Collings, young Drumheller junior star of the past season whose home is in Coleman, scored twice for Grands and Kryczka once for Grands 3-2 win in the first game Saturday night. The second game ended in a tie at the end of regula-

tion time and Grands went on to score twice in the overtime to win 4-2. The scores are unknown.

Grands are stopping over in Vernon to meet the winners of the Saskatchewan - Manitoba Intermediate series; Swift Current, of Saskatchewan, the first game to be played this Thursday night.

It is unfortunate that the team management did not see fit to take all members of the team who had played throughout the season and had aided the team in reaching the hockey heights attained up to last Saturday night.

HENRY VINCENT REPORTS FIRST BLUE BIRD AND ROBIN

Henry Vincent, young son of Mr. and Mrs. Russell Vincent of west Coleman, has reported the first blue bird and first robin to The Journal.

Henry saw the blue bird on Saturday when it arrived to take up its annual quarters in one of Henry's bird houses. The robin was seen sitting about Cameron school yard on Sunday morning.

Now that the blue bird and the robin are here and the youngsters are to be seen shooting "dubs" on muddy soil Spring must surely be here.

KEEP DOWN THE COST PER ACRE

The oil you use in your tractor is your insurance against breakdowns, delays and costly repair bills. Using the right grade of the right oil will definitely keep down your cost per acre.

That is why we recommend MARVELUBE Motor Oil. It is recognized as Canada's leading motor oil—used in more farm machines and motor cars than any other oil you can buy.

Why take a chance on inferior quality when you can use the leader at no extra cost? Fill up with tough, long-lasting MARVELUBE and your engine will stay clean longer and free from damaging deposits. You'll save money in the long run by using MARVELUBE, Canada's favorite motor oil.

MARVELUBE

IMPERIAL OIL LIMITED

STEP up now, good people, and meet the fashion master of the new season.

Here's Buick for 1947—style-wise, performance-wise, quality-wise and value-wise the sweetest "buy" your dollars are going to find anywhere this year.

Eye well that sparkling new grille—behind it you'll be plainly marked as strictly up to 1947 in your travel standards.

Take in the tapering grace of long, sweep-through fenders—there's the hallmark of a style pattern sure to bring you notice and approval wherever you may go.

Note the reach of the bonnet—long, deep, broad-chested—there's a lifetime of thrills in such bountiful supply of Buick Fireball straight-eight power.

Spot the solid footing of a carriage big as you deserve—the breadth of beam that spells room aplenty—the ready-to-go poise of four coil-sprung wheels ready to level the roughest roads into boulevard smoothness.

And in particular, mark down this:

Not one smart model but nine will present this fresh front to the world this season. Cars in three series, three wheelbases and

three price ranges give you a triple-barrelled chance to know Buick size, Buick beauty, Buick ability when you travel.

Choose from two versions of the garage-handly SPECIAL—four of the light-footed SUPER—three of the great-hearted ROAD MASTER series.

In each you'll find a rich abundance of the things that make Buick Canada's most wanted automobile—engines that seem to stay forever young, the matchless buoyancy of Buick's springing, the spaciousness of great room, the feathery handling of controls that are always "obediently yours."

Rural Housing

THE QUESTION OF HOUSING remains to be the for in Canadian affairs and constitutes one of the major problems facing the country at this time. In large cities and densely populated industrial districts the situation has been particularly acute, and most of the public interest and concern in the matter has been directed towards those areas. It is there, too, that the greatest efforts have been made to relieve the existing shortage and there is no doubt but that the need has been greatest in such places. It should not be overlooked, however, that rural housing has likewise been affected by wartime shortages of labor and materials, and that no national housing project will be complete until conditions in rural districts have been greatly improved.

Many Advances Have Been Made

There are fine model homes and buildings on many farms in Western Canada, but there are also a great many cases where too little care and planning has gone into the building of farm houses. In recent years great advances have been made in designs for suitable farm houses, including improved methods of heating, water supply and other features important to the comfort and convenience of the farmer and his family. It is of interest to note in this connection that recently a meeting, attended by rural housing representatives from various parts of the prairie provinces was held in Saskatoon. At this meeting, which was sponsored by the Central Mortgage and Housing Corporation, it was suggested that a co-ordinating committee be appointed to investigate all matters allied with improvement in rural housing, community centres, and similar buildings.

Is a Need For Better Homes

Long before the present housing problem had arisen, it was realized by many people that too great a discrepancy existed between the comfort afforded by the house of the average city dweller, and that of the average farm home. It was realized too that facilities for community life could be greatly improved in rural areas. A rise in the standard for homes, community centres and other buildings in rural areas would no doubt have the effect of keeping many ambitious and enterprising young people on farms, who might otherwise be attracted by the advantages of urban life. Better-planned homes do not necessarily mean more expensive ones, as has been demonstrated in many housing projects in the past. When the present housing problem in Canada has been solved, it is to be hoped that rural areas will have benefited as well as the more thickly populated sections of the country.

GIRLS! WOMEN! TRY THIS IF YOU'RE NERVOUS, CRANKY, TIRED-OUT

On 'CERTAIN DAYS'
of the Month!

Do female functional monthly
disturbances make you feel
nervous, fidgety, cranky, so tired and
"dragged out"—at such times?
Then do try Lydia E. Pinkham's

Vegetable Compound to relieve
such symptoms. This fine medicine
is very effective for this purpose.
For over 70 years thousands of
girls and women have reported
benefit. Just see if you, too, don't
report excellent results! Worth
trying.

Lydia E. Pinkham's VEGETABLE COMPOUND

IT'S A GOOD TRICK... IF YOU ESCAPE—Incredible as it may seem, the driver of the trailer truck, shown above after it had crashed from a Chicago, Ill., viaduct, was able to walk away. "My back's a little lame," admitted driver Robert Balduc, who lost control of the vehicle, which landed between two trains.

FUNNY And OTHERWISE

Maudie—Dick called me a dream last night.
Bert—Well, only yesterday, he told me what awful dreams he had.

Young Lady—"I wonder why it is that a man is so timid when he proposes?"

Bachelor—I suppose it is one of his guarding angles is holding him back.

Tom was very careful of the truth; punctilious in fact. So when he got married and the minister asked him, "Well, Tom, I suppose you feel you got the best wife in the world?" Tom replied:

"I think, sir, she is God's handiwork, but I shouldn't say she is His masterpiece."

"Well, Dick, my boy," said his uncle, "my congratulations! I hear you're engaged to one of the pretty Robbins girls."

"Father," replied Dick, heartily, "But," said his uncle, "how on earth do you manage to tell them apart?"

"Oh, said the young man, "I don't try."

Visitor—"What nice buttons you are sewing on your little boys suit: My husband once had some like that on his suit."

Vicar's Wife—"Yes, I get all my buttons out of the collection plate."

Mother: "What are the young man's intentions?"

Daughter: "Well he's been keeping me pretty much in the dark."

"Carter is the most absent-minded chap I ever met," remarked a clubman to a fellow-member.

"What's he been doing now?" inquired the other.

"Why, this morning he thought he'd left his watch at home, and then he took it out to see if it had time to go back and get it."

"That isn't as bad," said the second man, remembering, "as the time when he left his office and put out a card saying he'd be back at 3 o'clock. Finding he'd forgotten something, he went back to the office, read the note on the door, and sat down on the stairs to wait until 3 o'clock."

Information On Protecting Invention

"C. J. F." wants information regarding protecting invention—In general it may be said that a person unacquainted with process of obtaining a patent has little chance of fully complying with the rules and regulations of the patent office unless he secures the aid of a patent solicitor. Applicant must state in his application his address, the title or name of his invention and send in a specification in duplicate showing clearly all parts of the invention. Each drawing shall bear the signature of the inventor or of the applicant. The cost of patent is \$35. Write to Commissioner of Patents, Patent and Copyright Office, Parliament Buildings, Ottawa. 2716

MODERN METHODS BEING USED IN TRAINING SOUTH AFRICA'S ARMY

—BUILD STRENGTH TO 24,000

JOHANNESBURG.—Modern methods are being employed in the training of South Africa's youthful peace-time army—the Active Citizen Force—which it is proposed to build to a strength of about 24,000 men.

Under the South African Defence Act, citizens of European descent between the ages of 17 and 25 are liable to undergo training in either the land forces, air force or South African Naval Service. An encouraging feature of the post-war revival of the Active Citizen Force is the large number of recruits. Although youth are required to register for training at the age of 17 they need not begin their four years' service until they become 21.

At Potchefstroom in the Transvaal, the biggest training centre in the Union, a new organization has been established as a separate unit. Here experienced permanent force instructors staff the training depot.

The permanent force—the regular army of the Union Defence Force—maintains key personnel in Active Citizen Force Units and in training establishments.

Training is in two phases. In the first two weeks the recruits will be in the hands of permanent force instructors and in the second phase, unit commanding officers will be responsible for training programs, which will have the prior approval of the brigade group headquarters.

Individual training is aimed at, and the squads of men will be kept small. As a senior officer said "we have learned that every man is an individual with a different background, outlook and ambitions."

The training at the depot comprises squad drill, rifle exercises, platoon drill, guards and sentries, musketry, field craft and battle exercises. Some specialist units like artillery are given gun drill and are instructed in the maintenance of equipment and the engagement of targets. Lectures on a variety of subjects and demonstrations are also given.

The men are trained to use the latest military weapons. New equipment has been imported from the Middle East and Italy.

Quarters are comfortable and the men have beds with mattresses and hot and cold showers.

"The old idea that a soldier should be as uncomfortable as possible has changed," said a senior officer. "We try to make men under training happy and contented."

Sports facilities abound. There is a swimming bath, tennis and tennis courts, cricket, hockey and football fields and facilities for boxing.

Students Prefer Town To City

Of 134 students voting in a Des Moines, Iowa, school 33 expressed the opinion that the big city is the place to live, 39 preferred the small town, and only 12 the country.

Those who voted for farm life gave interesting reasons. The city, they said, was too lonesome. They liked the neighborliness and the fellowship of the country. Life on the farm nowadays combined all the advantages offered both by city and small town since either was easily accessible to the farmers. In addition by living on the farm they escaped the gossip of the village, and the impersonal existence of the city—Chatham News.

Fort Yukon is both the coldest and hottest spot in Alaska. It has recorded temperatures all the way from 78 degrees below zero to 100 degrees above.

Dominion To Gradually Return Confiscated Enemy Property

—\$1,000,000,000 Assets Held

OTTAWA.—Canada confiscated more than \$1,000,000,000 in securities, goods, real estate and miscellaneous assets belonging to belligerent countries, interned and illegal organizations between September 1939 and the end of 1945, it was disclosed in a report tabled in the commons by State Secretary Gibson.

"But by gradual release of state funds and gold belonging to governments of former proscribed countries, as well as property belonging to persons who were able to establish that they could no longer be considered enemies under the regulations," the report said, "the total assets now under control at present-day valuation is approximately \$320,000,000 as at Dec. 31."

Largest sum held by the custodian at the end of 1946 was \$94,711,726 for France, as well as \$2,998,452 for the French colonial empire. Others high on the list were Belgium, \$330,781,239, Holland \$54,375,902, Norway \$18,828,529 and Germany \$11,000,000. The report, prepared by A. H. Mathieu, assistant deputy custodian, said negotiations for the release of property now were under way with the governments concerned. An agreement had been completed with France and discussions had been concluded with Belgium, Holland, Denmark and Norway.

Similar negotiations—"still in the discussion stage"—were being carried

on with Luxembourg, Greece, Czechoslovakia, and Yugoslavia. Agreements thus far have not been reached due to "various measures of control established in these countries."

Assets of enemy countries such as Germany, Japan, Italy, Finland, Bulgaria, Hungary and Romania would remain under the custodian's control until peace treaties had been ratified by parliament.

Disposition of property belonging to Japanese evacuees and organizations illegal in wartime was outlined in another report tabled by Mr. Gibson.

The associations—deleted from the list of illegal organizations by an order-in-council passed in October, 1943—were the Ukrainian labor farmer temple association, The Finnish organization of Canada, the Finnish society, Vancouver, Technocracy, Inc., and the Jehovah's witnesses.

Cash collected from realization of various assets and revenues of the properties up to Dec. 31, 1946, amounted to \$6,448,071, the report said. Sales of evacuees' properties totaled \$2,411,255; of interests' properties, \$236,083.

The custodian during the war held 113 properties of the Ukrainian labor farmer temple association, 95 of which had been released by Dec. 31, 1946, one expropriated by the transport department for an R.C.A.F. air field at Gimli, Man., and one mortgage foreclosed.

U.S. PRESIDENT VISITS MEXICO — U.S. President Harry Truman stands (left) beside President Miguel Aleman of Mexico in the automobile they rode through Mexico City, where Mr. Truman promised Mexico that he will stand by the "Good Neighbor" policy and the doctrine of non-intervention. In his speech of welcome to the distinguished visitor, President Aleman said that "no rivalry" holds the U.S. and Mexico apart.

BRITISH NEWSPAPERS APPROVE LAW TO BOOST SIZE TO RESTORE PROPERTY

LONDON.—The British newspapers will expand again to the size permitted for several months before the coal shortage struck.

Daily papers selling at two-pence or more will again publish eight-page editions, as will weekly and Sunday papers costing at least two-pence, including most London newspapers, will be able to publish six pages on three days of the week and four pages on the other three days.

STUTTGART, Germany.—The German council of states of the United States-occupied zone approved a law which will restore up to \$125,000,000 worth of properties to persons whose possessions were confiscated during the Nazi regime.

The measure required a full year to draft and must have final approval of the United States military government before it is promulgated.

The steamboat was invented by Robert Fulton.

Young British Men To Serve Seven Years In Armed Forces

—Few Exemptions

LONDON.—Every able-bodied young British male would be conscripted for seven years' service in the armed forces—18 months full time and 5½ years on reserve—under a government bill introduced in the house of commons.

It was estimated the net total of available male British subjects who will pass their medicals and be taken in will total about 1,034,000 during the five years of the bill's life.

The only exemptions will be underground coal miners and conscientious objectors, and even these two classes

will not get off scot-free. Objectors will be called for some form of civilian service for the same length of service.

A supplementary government order will give underground miners their choice of being called up for military training or remaining in the mines from their 18th to their 26th birthday—or eight years digging coal as opposed to seven shouldering a gun.

The normal conscription age will be 18, although there will be a considerable degree of elasticity to accommodate plans of students and apprentices.

BIG TRACTOR TRAIN FROM THE ARCTIC

FLIN FLON.—A 200-foot-long fish tractor freight swing rolled into Flin Flon recently, one of the biggest swings ever seen. The swing is headed by Dave Newman and a crew of six.

The swing has just completed the third 500-mile trip into the Arctic wastes. The farthest point visited was north of Lac Du Brochet where a recent measles epidemic contributed to the death of 34 Indians.

The "cat" train visited Whiskey Jack Island, 450 miles north of here, bringing a 38 ton cargo of trout, whitefish and pickerel.

According to Mr. Newman, a herd of about 400 caribou was seen headed in a southern direction north of Reindeer lake.

The "cat" train moved silently into Flin Flon with seven sleighs, two canoes and two tractors. Crewmen say that the ice is gradually beginning to thaw and reported that in some areas at least, water was encountered three and four feet deep.

WANTS ENGLAND TO JOIN UNION.—Suggestion that England, Wales, Scotland and Ireland join the United States was made by Sen. Richard B. Russell, seen here, of Georgia. He said the absorption of what was once the mother country of the U.S. was "the only solution."

AMPUTEES PLACED IN EMPLOYMENT

OTTAWA.—A total of 1,490 amputees of the Second Great War have been successfully placed in employment, including nine out of 11 double arm amputees, according to Walter Tucker, parliamentary assistant to the minister of veterans' affairs.

The veterans' affairs department has provided through its prosthetic service an artificial limb service unexcelled by any other country. The service is provided at no cost to the disabled veteran through 12 centres located in the principal cities of Canada from Halifax to Victoria, said Mr. Tucker.

Approximately 3,500 veterans of the First Great War and 2,000 of the Second Great War have been fitted. The department has full rights to the metal leg as supplied by the contractors to the British ministry of pensions, the largest metal leg manufacturers in the world. Close contact is kept with development in Great Britain, the United States and by Canada's own research committee.

CHURCHILL INVITED TO WASKESIU

SASKATOON.—Winston Churchill has been invited to address the annual meeting of the Royal Merchants' Association of Canada at Waskesiu, Sask., June 16-17, a spokesman for the association said.

Mr. Churchill will be in North America during June and is expected to address the General Institute of Canada convention June 8-11 at Banff, Alta.

MASTER OF THE KING'S MUSIC TO TOUR CANADA

Edgar Stanley Roper, C.V.C., M.V.C., F.R.C.O., master of the King's Music and organist, composer and choralmaster of His Majesty's Chapel Royal, will arrive in Canada shortly on a three-months tour of the Dominion, according to C.N.R. officials. He will be accompanied by Cornelius Fisher, of the Guildhall School of Music, and Michael Head, leaving English as song composer.

They will attend the musical festivals at Toronto, Ottawa, Stratford, Sudbury, Winnipeg, Saskatoon, Regina, Edmonton, Vernon and Vancouver. At the latter point they will act as judges of the British Columbia event.

Dominions Seek Representation At The Big Four Conference

—German Peace Settlement

MOSCOW.—During the Big Four conference here, the Dominions will stress their case hard for adequate representation for middle and small powers in preparation of the German peace settlement, it was learned.

While a direct approach cannot be made to the council of foreign ministers itself, diplomatic representatives of Canada, Australia and New Zealand will urge in private talks and informal meetings with the conference delegates that the 18 other states which fought in Europe be given an opportunity to share in the actual work of the settlement. South Africa has no diplomatic mission here.

(It was learned authoritatively in

HUMAN CHAIN

TROWBRIDGE, England.—When two little girls were carried to the window of a blazing apartment house, four unknown sailors formed a human chain on the ladder and passed them down to safety.

1947 KINGS OF CURLING

Slender, soft spoken Jimmy Welsh, a worthy successor to the great curling masters of Manitoba, stood on the centre ice sheet of St. Andrews Curling Club at Saint John, N.B., and received the MacDonald's Brier Tankard, emblematic of the Dominion curling championship which Welsh and his Winnipeg Deer Lodge rink won without a defeat in the four-day curling event. Welsh and his rink, from right to left: Jimmy, skip, brother Alex Welsh, third; Jack Reid, second; and Harry Monk, lead.

New Idea

MENLO PARK, Calif.—Sammy Yates showed up in the eighth grade at Central school with a cigar box.

He opened it and passed out all-day suckers, explaining: "I'm a brother."

Brier Tankard Record Listed

Here is the complete list of winners of the MacDonald's Brier Tankard, emblematic of the Canadian curling championship, since the Dominion-wide competition was first played in 1927:

1927—Murray MacNeill, Halifax Curling club, Halifax.

1928—Gordon Hudson, Strathcona club, Winnipeg.

1929—Gordon Hudson, Strathcona club, Winnipeg.

1930—Howard Wood, Granite club, Winnipeg.

1931—Robert G. Gourley, Strathcona club, Winnipeg.

1932—James Congdon, Granite club, Winnipeg.

1933—Chas. R. Manahan, Royal Club, Edmonton.

1934—Leo Johnson, Strathcona club, Winnipeg.

1935—Gordon Campbell, Thistle club, Hamilton, Ont.

1936—J. K. Watson, Strathcona club, Winnipeg.

1937—Chas. R. Manahan, Edmonton.

1938—Albert Gowanlock, Glenboro, Man.

1939—Herbert C. Hall, Granite club, Kitchener, Ont.

1940—Howard Wood, Granite club, Winnipeg.

1941—Howard Palmer, Calgary.

1942—J. K. Watson, Strathcona club, Winnipeg.

1943-44-45—Competition suspended on account of war.

1946—Billy Rose, Sedgewick, Alta.

1947—Jimmy Welsh, Deer Lodge, Winnipeg.

"Brother's Keeper"

VANCOUVER.—An older and wiser brother, who was his brother's keeper, brought a happy ending to a holiday committed recently.

Robbed of \$15 and a wrist-watch by two young, armed youths, Fred Bedeness was standing on a street corner consoling himself over the loss of his possessions. A man approached him and quickly thrust three five-dollar bills and a watch into his hand.

"I heard about the trouble you had this afternoon," he said. "My brother and another guy held you up."

STUDYING NEW AIR MAIL PLANS

OTTAWA.—Postmaster-General Bertrand said in the commons the post office department is studying the question of sending all first-class mail between distant points in Canada by air mail. He indicated also that consideration was being given to the possibility of reducing air mail rates.

Putting too many clothes in a washing machine reduces efficiency and prevents water from circulating freely.

Y.M.C.A. DELEGATE

EDMONTON.—Les D. Wedman, Edmonton newspaperman (Journal), will be one of six Canadian Y.M.C.A. delegates to the world youth conference in Oslo, Norway, and will represent Alberta and British Columbia, it was announced.

Prices Board Lifting Ceiling On Gasoline And Distillate

—Effective April 1st

OTTAWA.—The prices board announced that effective April 1 the price ceiling on gasoline and tractor distillates will be removed and the Dominion excise tax of three cents a gallon on gasoline will be cancelled, thus returning to the provinces another field of taxation taken by the federal government during the war.

In its announcement the board said the "price adjustments which may follow price decontrol of gasoline and tractor distillates will vary in different parts of Canada and will depend on the extent to which the cancellation of the Dominion excise tax will be offset by a new provincial tax in the various provinces or through increased laid-down costs to the refiners on imported crude oil."

Already Ontario and British Columbia have announced their intention to increase their own gasoline taxes by the amount of the cancelled federal levy and Saskatchewan will boost its tax by two cents. It is believed other provinces may take similar action.

The Ontario action, announced in the provincial budget brought down the province's tax from eight to 11 cents

a gallon but will mean no increase to the motorist since it only replaces the Dominion levy being dropped. Likewise, there will be no increase to the motorist in British Columbia when that province increases its tax from seven to 10 cents.

The prices board said cancelling of the Dominion excise tax on gasoline, imposed as a wartime tax in 1941, was in accordance with an announcement by Finance Minister Abbott last December that it would be dropped April 1.

The board pointed out that at that time subsidies which were being paid on the importation of crude oil by refiners in the prairie provinces were cancelled but the price ceiling on gasoline and tractor distillate was ordered maintained until the subsidized stocks of crude oil were used up.

The board said that the using up of these subsidized stocks will "pretty well coincide with the April 1 date when the Dominion excise tax is cancelled so that the price ceiling is 'notice now that the price ceiling will be removed on that same date.'"

By doing so, it is not expected that adjustments on inventory stocks will be required.

Miss Helen Kulig is in Calgary on a business trip.

Miss Marion Bamling returned to Lethbridge after spending the week-end with her parents, Mr. and Mrs. John Bamling.

Mrs. J. S. Ford returned on Monday morning from High River where she had been the guest of her daughter for several weeks.

Mrs. Helen McLafferty visited in Calgary last week to be with her mother, Mrs. J. Shields, who was in the city attending the Rebekah provincial convention.

Mr. Ernie Chapman, formerly of Windsor, Ont., has been added to the mechanical staff of Coleman Motors. He is an expert on Ford and Mercury cars and trucks.

Mrs. F. Conner and two sons, Donald and James, have returned to their home in Edmonton after spending a week's vacation with the former's parents, Mr. and Mrs. O. H. Bowen, of Sentinel.

Jim Wilkie, of White Rose Service station, took delivery of a 1947 Studebaker Champion at Calgary on Saturday morning. The car is being sold to a party in Natal, B.C.

The Journal acknowledges with thanks renewal subscription received from Jim "Breezy" Rezac, of Port Alberni, B.C. Jim and Mrs. Rezac join in sending best regards to their many Pass friends.

Miss Gladys Moores spent the week-end at Calgary where she was the guest of her sister, Mrs. Norm Bullevant. Miss Mae Moores, of the west coast is also enjoying a vacation at Calgary the guest of her sister.

Born: To Mr. and Mrs. M. Taje, nee Pinda Sygutek, on Tuesday, March 18, a son.

Mr. Jim Kerr, of The Motor-drome, was a Calgary business visitor for a few days this week. Mr. and Mrs. Lou Vasek are Calgary business visitors.

The Easter Cantata, "King Triumphant", by E. C. Ashford, will be held in St. Paul's United church, Coleman, under the auspices of the W.M.S. by the Blairmore United church choir on Friday, April 4th, at 8 o'clock.

Mrs. Dan McKinnon, of Kimberley, passed through town on Thursday last enroute to Calgary on a business trip. She and her husband have sold their Kimberley property and Mrs. McKinnon and a second party have purchased a tourist camp at the western outskirts of Cranbrook taking over active management of the business on April 1.

Mr. and Mrs. Robert "Cub" Jenkins, of Vancouver, are the proud parents of a lovely baby daughter which arrived a couple of weeks ago. That now makes a boy and girl in the family. A former Hillcrest and Blairmore couple and now of Vancouver, Mr. and Mrs. Lou Thomas, also had a baby daughter presented to them by the stork on Tuesday, March 11. This also results in a family of a son and daughter.
